**Supervisor Fiona Ma**

1 Dr. Carlton B. Goodlet Place, Room 244  
San Francisco, CA 94102-4689  
Attention: Ms. Frances Hsieh

Dear Supervisor Ma,

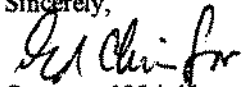

**Subject: Request to the PUC to Remove the Sunset Reservoir as a Site for Cell Antennas**

Thank you for the help you provided to the neighbors that reside near the Sunset Reservoir regarding the request by Nextel to place a 60' tall cell phone antenna tower in the Sunset Reservoir by 28<sup>th</sup> Ave. and Quintara St. Your aide, Ms. Frances Hsieh, was most helpful and very much an asset to your office. Even with Nextel withdrawing their application to re-evaluate, many residents are very concerned that this would not be the end of this issue as the Sunset Reservoir is still listed as an available site for wireless cell antennas. She had suggested that we send you copies of the additional signatures that we had gathered from residents in the area who oppose the placement of any wireless cell phone antenna in the Sunset Reservoir. We have gathered an additional 198 signatures in addition to the 862 signatures that we had previously presented to your office, for a total of 1060 signatures of homeowners and residents who live in the immediate neighborhood who oppose the placement of a wireless cell phone antenna in the Sunset Reservoir. We can provide additional signatures if needed to convince the PUC that there is NO support in the neighborhood for this kind of project.

As our district supervisor, we, the residents of District 4, would be grateful for your support of our request to have the Public Utilities Commission remove this site from being offered as a site for wireless cell phone antennas.

If you have any questions, we have a core-organizing group formed and we can be reached at [sunsetantenna@yahoo.com](mailto:sunsetantenna@yahoo.com), or correspondence can be sent to Concerned Neighbors Against Cell Antennas in the Sunset Reservoir, C/o Ed and Meilan Chin, 2162 27<sup>th</sup> Ave, SF CA 94116, or you can call Ed Chin at 297-0604. Thank you for your time and attention.

Sincerely,

Concerned Neighbors Against Cell Antennas in the Sunset Reservoir

Enclosure: Additional 29 Pages of Petition Containing 198 Signatures  
Copy of Letter to Gary Dowd, PUC, Real Estate Services
